

Want to know the secret to stress-free moving?

Let Eliminate Chaos handle everything!

YOU'LL BE MOVED

Feel right at home, right away. With our expert planning and execution, you'll marvel at just how stress-free a move can be.

A stress-free move? Yes, really

From creating an overall plan and managing vendors to overseeing the execution on the big day, we can take care of any or every detail, even packing and unpacking. All while you relax somewhere away from it all.

We offer a diverse range of services that can be combined to meet any conceivable need. Some clients pick and choose what areas they want the most help with, while others have our experts handle everything. How can we make your move efficient—and even enjoyable?

We can build the plan and manage the entire project

In addition to determining the best way to complete your move, we can recommend movers we know and trust. And if you want our experienced professional move managers to manage everything, we can do that, too—keeping movers on schedule, ensuring access in high-rises, coordinating deliveries, and meeting other challenges.

We can pack, unpack, and organize

With most movers, packing is haphazard at best and “unpacking” equals stuff all over the floor. Our approach leaves you with organized boxes packed by room and priority, then unpacked and put away in an organized fashion—for just \$10-\$15 more per hour than you'd pay your movers to pack or unpack. We will even place your furniture where you want it, hook up electronics, and more.

And before our work is done, we walk through with you to ensure you know where everything is and that it's easily accessible. You'll be ready to enjoy your new space from day one.

We can coordinate with your other vendors

Perhaps you have an interior designer or other contractors working at your new home—for example, installing a wine cellar, custom cabinets, or wiring a room for home theater. We can track their progress against your timelines, and keep you fully informed, so there are no surprises when it's time to move in.

Laura and her crew made unpacking our house as "easy" as any move can be; her team was always willing and able to do whatever was necessary. If I ever move again, it won't be without a call to Eliminate Chaos to make our new house a home in no time at all.

I appreciate the care used to find "special items that were left behind."
